Kids' Plates Grantees:

Just three more months to go on your Kids' Plates funded programs. My how time flies...

By now you should have submitted your second invoice. If not, please do so immediately.

The 2003/2004 Kids' Plates grant period ends on June 13, 2004. All grant activities and related expenditures must be completed by that date.

In the meantime... If you've discovered that you have some budget surplus you'd like to reallocate, let's talk. I'm sure we can come up with some really good ways to make those funds beneficial to your Kids' Plates funded program.

Some of you have completed or are close to completing your Kids' Plates funded program. You may invoice for all of your approved expenditures but we will only be able to reimburse you for 75% of that until we receive, review, and approve the required reports and release form. Once approved, the remaining 25% will be released. The requirements and the templates are available on the CD-Rom handed out during the September Kids' Plates grantee meeting. Contact me at: sholland@projects.sdsu.edu or 619-594-5039 if you need one or all of these templates.
