

Kids' Plates Newsletter

Volume IV, Issue 8

May 2004

Kids' Plates Grantees,

The June 13, 2004 Kids' Plates program end date is fast approaching. You should be near the completion of all program and marketing activities.

Remember...

- All expenditures must be made before the June 13, 2004 deadline. If you are running into any problems fulfilling any of the program objectives or spending down your budget, please call me right away so we can resolve the situation.

- For all of the marketing activities you conduct, please provide documentation of these efforts. In your final report, be sure to include newspaper clippings, videos, PSAs and/or anything else to show how you have completed all of your marketing requirements.

To close out and complete your Kids' Plates program, you will need to submit the following by July 13, 2004:

- Final program report
- Final fiscal report
- Grantee release form

In your final report, please include any pictures, materials developed, etc. from your Kids' Plates funded program.

Again, all Kids' Plates templates, including the final fiscal and program reports and the grantee release form, are located in the CD ROM handed out during the September Kids' Plates meeting.

Please contact me if you have any questions or concerns at 619-594-5039 or sholland@projects.sdsu.edu.

-Shanna

TA Materials and Other Info:

American Public Health Association 132nd Annual Meeting

November 6-10, 2004

Washington Convention Center, Washington, D.C.

Registration cost: \$465

For more information visit:

www.apha.org/meetings/

WebMD has collaborated with APHA to create a useful public health and prevention website. It has information on CMEs and CEs, focus topics, what's in the news, resource centers, publications and much more at:

www.medscape.com/publichealthhome

The Center for Collaborative Planning (CCP)

promotes health and social justice by providing training and technical assistance and by connecting people and resources.

CCP supports communities in key areas, such as:

- Asset-based Community Development
- Leadership Development
- Working Collaboratively
- Community Assessment and Strategic Planning

Please visit their website for more information on training opportunities, workshop topics, resource centers, CCP programs, and much more at:
