

Kids' Plates Newsletter

Volume VI, Issue 2

October 2005

Hi Kids' Plates Grantees,

It really was a pleasure meeting and talking with you at the Kids' Plates meeting on October 2, 2005. Whether you're a former grantee who is being funded again or you're new to the program, it's always such a pleasure to meet and talk with you.

By now, all Kids' Plates contracts have been mailed out. Please be sure to get them signed, dated, and mailed back ASAP. Invoices cannot be paid without a fully-executed Kids' Plates contract in place.

New Kids' Plate Staff

I'd like to take the opportunity in this month's newsletter to introduce you to a new Kids' Plates staff member. Her name is Anne Ainsworth and she has been hired to help with the day-to-day operations of the Kids' Plates program. Anne's primary job will be to assist all grantees with questions or issues related to contracts, invoicing, payments, budget amendments, etc. She will also be helping me with many of the other aspects of Kids' Plates so please do not hesitate to contact her for other needs. She can be reached at **619-594-0984** or by email at aainsworth@projects.sdsu.edu. I am thrilled to have her on board and I feel confident that you will enjoy working with her. Of course, I am also available to answer any questions or respond to concerns regarding your Kids' Plates program needs. I can be reached at sholland@projects.sdsu.edu or 619-594-5039.

Kids' Plates Professional Development Awards

There are still some professional development funds left. These funds can help send staff to relevant unintentional childhood injury control professional development events. This includes state or national conferences, seminars, and symposiums for up to two staff working to address unintentional injuries to children and adolescents. Up to \$1,500 per agency is available through June 30, 2006 or until funds are depleted. Even current Kids' Plates grantees are eligible to apply. It's quick and easy. Visit www.cipp.org and follow the prompts to download and reply to the RFA.
