Have You
Heard?

Hi Kids' Plates Grantees,

Spring has sprung and that can only bring to mind one question: When are the Kids' Plates RFAs going to be released? The answer isn't as simple as it's been in years past. It is likely that we will release the RFAs in a couple of increments.

In June 2007, if everything goes according to plan, we will release RFAs for two types of grants. Both will offer larger funding amounts and both will have longer grant periods (@30 months in total). The planned start date for those programs is October 1. In August 2007, again, if all goes according to plan, we will release RFAs for equipment and professional development grants. It is anticipated that these will be available throughout the 07/08 FY until funds in each category are depleted.

Bottom line: You'll have lots of opportunities in this next fiscal year to tap into Kids' Plates funds. So, rev your mental engines and start planning. It'll be here soon.

Meanwhile, it's getting close to the time that you'll need to start wrapping up your current KP funded program. Please review your scope of work, (including marketing) to be sure that you are on track. If you have any questions or concerns, be sure to contact me immediately. Don't wait until it's too late. →
