

Kids' Plates Newsletter

Volume VIII, Issue 3

March-April 2008

Hello Kids' Plates Grantees, It was a true pleasure seeing all of you at the Discover the Connections Conference media training and grantee meeting on February 24, 2008. I was so impressed by your program presentations. You are all doing such wonderful and important work to help reduce injuries and deaths to California's children and adolescents.

Finishing Up the 07/08 Fiscal Year

While you still have a little more than 3 months left to finish up the components in your 07/08 SOW (scope of work), I do want to remind you of a some important items:

****By June 30, 2008, you will need to have completed everything in your 07/08 SOW. You may not to carry over objectives or activities into the next FY unless you have received written permission from me to do so. It is true that issues come up and sometimes objectives and activities need to be shifted. Be sure to contact me, early, if you need to make some adjustments.**

****Also, the funds in your 07/08 program budget can only be spent up to June 30, 2008. No carry-over of funds is allowed, which means you either spend it our you lose it. If you need to shift some funds around in the current budget, Please contact aainsworth@projects.sdsu.edu (Anne) for help with this.**

****Finally, if you KNOW that you are going to have a significant surplus (over \$1000) this FY and you KNOW that you are not going to be able to spend it, please email me at sholland@projects.sdsu.edu to let me know ASAP.**

-Thanks!

Keep These In Mind
